## THE TRUTH ABOUT THE DAVIS VERTICLE FEED SHUTTLE SEWING MACHINE

Is that it is the Best Machine in the WORLD! It does not take an hour to get ready to do a minute's work! but is always ready in a minute to do a day's work.

The Favorite of the Family circle, wherever used. Runs more Easily and Quietly than any other Machine!

The Davis presents the following advantages, which should not be overlooked: It prevents fulling or gathering of goods; will sew over thick seams, or from one thickness to another, without change of stitch or tension, and make the most Elastic, Durable, and Uniform Lock Stitch of any Machine before the public.

The ONLY Machine having an Automatic Bobbin Winder, by which the Bobbins can be wound easier, quicker and better, than with any other machine, thereby making the sewing more uniform than can possibly be done on any other Machine!

The peculiar features of the Davis is its VERTICAL FEED, which is essentially different from any other Machine manufactured, requiring no acquired skill to operate it, nor Basting of the goods, and all should give it an examination at least, before Purchasing any other.

After six weeks' trial at the Franklin Institute Exhibition, held at Philadelphia in 1874, it was Awarded the Grand Medal Against Nineteen Competitors!!

And has universally been awarded the FIRST PREMIUM at all principal Fairs where exhibited.

It is the best Manufacturing Machine in use. It is the only Machine that will sew velvet or plush, without drawing or puckering.

For tucking, cording, braiding, quilting, embroidery, shoe-fitting, dress making, tailoring, and general Family use or general manufacturing, it has no equal!
